**Read the passage carefully and answer the questions that follow.**

Once upon a time, Sun and Rain were arguing to see who was better and more important,

Sun told Rain, "I am better than you. I bring warmth to the world."

Rain insisted that he was much better. Then, they decided to challenge each other to see who was better and more important than the other. 5

Sun came out and made all the plants grow. Soon, the strong rays of light from Sun caused the plants to wilt as they were drying up. 10

Meanwhile, Rain saw what had happened and started to drizzle. As soon as rain water touched the ground, the plants began to grow beautifully. The garden was bustling with life once again.

Sun and Rain felt embarrassed. Both of them realised that they were both equally important to the world. 15
